By opting for an excess on your policy, you can reduce your premiums by between 5% and 51%. The excess is per person per policy period and once the excess amount has been reached, you're covered right up to the policy limits of your plan regardless of the number of medical conditions involved. The excess only applies to in/day-patient and out-patient treatment. It doesn't apply to Vaccinations, Optical, Well-being, the Evacuation benefit or the optional benefits for Routine Pregnancy and Childbirth, & Dental treatment.

Eligibility

Global Prima Medical InsuranceSM is available to all nationalities. Persons of any age may apply for cover subject to a satisfactory application form and any underwriting restrictions.

Top-up Policies

If you are using the claims under another insurance policy to cover the excess under your Global Prima Medical InsuranceSM plan, you must provide evidence of the medical condition together with paid invoices. Please note, only medical conditions under our policy Terms and Conditions are eligible. Payment cannot be made for the same invoice under both policies.
